DETAILED ACTION

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: Independent Claims 1 and 10 are allowable because of the specific configuration of the pulling devices that extend perpendicularly from the inside portion of the inflatable body and attach to a stiff structure within the inflatable body resulting in a substantially flat section when the bag is inflated. The prior art of record all fail to teach the attachment of the pulling devices to the inside of the inflatable bag and then extending perpendicular to the surface of the body to attach to a stiff structure inside the inflatable body.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The attached PTO-892 provides a clear scope of the prior art relevant to the Instant Application.
